made in Tuscany with care

Over 100 years of history

A family story combining expertise and distinguishing Italian quality searching for technologically advanced, innovative, customized and flexible solutions that meet the highest standards demanded by the international markets.

Since 1987 we have developed and manufactured solutions for the dentistry, medical and industrial markets.

A stable and well-structured company being part of the Nostrum Group that has manufactured plastic and dentistry items since 1975.

We merge the special care of Italian handcraft with constant research into technological and innovative solutions with the sole aim of meeting the demands of the market.

1923

The Nostrum Group was founded in 1923 as manufacturer of automotive gas generators with a company branch skilled in moulding of plastic components.

1975 - 2025 50 YEARS PRODUCING

50 years of history since the Grotti family took over the Nostrum group as the main shareholder. It started with galvanic and anodizing process while strengthening the plastic moulding.

In 1987 Lucia Puccetti and Luciano Grotti established Dental Market, a Company specialized in the production of accessories for dental surgery with 3 primary components made of plastic, stainless steel and anodized aluminium.

2018

Grotti's daughters pursue the group path taking up a new challenge as female entrepreneur by renewing the Company and the Brand PLUSS production, with passion, to chase excellence, quality and innovation with a new and distinct vocation to international markets.

PLUSS production mission is to be a dental and medical atelier, focused on Made in Italy products. Our aim is to satisfy any production demand being very versatile both as to quantity and design.

Our technical department can fully develop any customized projects in terms of quantities and design thanks to our main strengths:

- Design and development production of metal - stainless steel and aluminium items
- Moulding and extrusion of plastic raw materials
- Production of disposable tissue articles

Quality Made in Italy

PLUSS Made in Italy means quality, high specialisation, distinction and style. We are able to add an handmade touch to productions.

We believe in a healthier and more sustainable economy and our values are:

- Circular economy
- Efficient choice and use of raw materials
- Development of with long shelf life quality products
- Patented no glue policy
- Research of compostable and recycled raw materials
- Recycling practices

We believe to raise awareness among final consumers because every action have a good impact for the Planet.

Our production model

A production method springing from decades of experience allows us to have always any items in stock ready for dispatch, thus avoiding you needless stockpiling and, at the same time, ensuring the best value for money while still giving the chance of receiving even small lots of product.

Our abiding goal

is merging our long-term experience of activity with production flexibility, keeping up with the pace of the market's innovations.

We ceaselessly innovate to find new solutions to your demands looking for the highest production reliability by optimising our processes.
